Dear [Redacted]

We are organizing a round table discussion on SALT issues for the MORS meeting in Annapolis during the first week of July. We have invited Benson Adams of ISA, Bob Sherman from the House Staff, and Lt. General Glenn Kent. We would also appreciate your participation in what promises to be a very interesting exchange of viewpoints.

The meeting will be held at the Naval Academy from July 1 through noon of July 3, 1975. The highest classification will be Secret. I have advised the MORS office to send you registration materials and security classification forms.

I look forward to your [Redacted] active participation in the Arms Control Working Group, as well as your contributions to the SALT discussion. Please contact me if you have any questions.
